

GOVERNMENT OF ANDHRA PRADESH.
SCHOOL EDUCATION DEPARTMENT

Memo: ESE02-33/17/2023-SECY-SGF-CSE

Dated: 14/05/2023

Sub: School Education- SGFAP - Recommendations to the SCERT to implement NCERT Curriculum for health and physical education Textbooks class 6 to 10th - Reg

Ref: SGFAP Academic Calender as per the NCERT curriculum

The attention of the Director, SCERT is invited to the reference cited and he is informed that the Physical Education textbooks for Level-1(Classses 1&2), Level-2(classes 3,4&5), Level-3 (classes 6,7 &8), Level-4(Classses 9&10) and Yoga Handbook for all Classes that are currently printed purely in Telugu medium for Physical Education Teachers. As per the latest government norms, all classes from 6 to 10 have been converted into English medium in our state.

Further, the NCERT has already prepared a syllabus in English for each class separately which included Yoga, Health Education, and Student assessment, which could be utilized for printing the new levels of Physical Education textbooks as a Physical Education teachers copy. This would be in line with the government's decision to convert all classes from 6 to 10 into English medium, and it would greatly benefit the students in our state.

Further, as per the reference cited, SGFAP Physical Education Cell has prepared an Academic Calender with reference to NCERT Physical Education Curriculum

Hence it is requested to take the necessary steps to utilize the Physical Education textbooks content from this academic year 2023-2024 onwards which NCERT has already prepared in English medium class-wise and also requested to include it in the coming SCERT academic calendar. This would ensure that students across all mediums of instruction have access to quality educational resources and can excel in their Physical Education studies.

S Suresh Kumar
Commissioner of School Education
